THE VOICE BEHIND THE VISION

Every institution is guided by a vision, and every vision is shaped by a leader. In this exclusive interaction, Dr. Sumathi Rajkumar shares her perspectives on education, innovation, student growth and the future of higher learning.

Dr. Sumathi Rajkumar

Q

What message would you like to share with students for this academic year?

As we begin a new academic year, I encourage every student to embrace learning with curiosity, discipline, and confidence. College life is not only about earning a degree; it is about discovering your potential, building character, and preparing yourself for the future. Every challenge you face is an opportunity to grow stronger and wiser. Stay focused on your goals, believe in your abilities, and never hesitate to explore new ideas and opportunities.

Remember, success is not achieved overnight—it is built through consistency, resilience, and a positive attitude. Let this year be a journey of learning, self-improvement, and meaningful achievements.

Q

What qualities do you believe are most important for students to succeed today?

In today's rapidly changing world, students need more than academic knowledge to succeed. Adaptability, critical thinking, communication skills, and emotional intelligence are equally important. The ability to learn continuously and remain open to change is essential in a technology-driven environment. Discipline and

time management help students stay committed to their goals, while integrity and empathy shape them into responsible individuals. Above all, self-confidence and the willingness to keep trying despite failures are qualities that truly define long-term success.

Q

How can students make the most of their college journey at TRCAC?

Students can make the most of their journey at TRCAC by actively participating in every opportunity the institution provides. Attend classes regularly, engage with faculty members, participate in seminars, workshops, competitions, and student activities.

Build meaningful friendships and collaborate with peers from different backgrounds. TRCAC is a place where students can develop academically, professionally, and personally. I encourage students to step beyond their comfort zones, take initiative, and make use of the resources and guidance available to them. The experiences and memories created during these years will shape their future in many meaningful ways.

Q What role do you think co-curricular and cultural activities play in student development?

Co-curricular and cultural activities play a vital role in the holistic development of students. They provide a platform for students to express their creativity, discover hidden talents, and develop leadership and teamwork skills. Such activities help students gain confidence, improve communication, and learn the value of collaboration and discipline. Participation in cultural events, sports, clubs, and competitions also helps reduce stress and creates a balanced educational experience. Education is not limited to classrooms alone; true learning happens when students explore, interact, and grow through diverse experiences.

Being a TRCAC student means embracing excellence with humility, learning with curiosity and serving society with responsibility.

Q How can students effectively use artificial intelligence as a tool for learning without becoming overly dependent on it?

Artificial intelligence is a powerful tool that can support learning when used wisely. Students can use AI to explore concepts, improve research, practice problem-solving, and enhance creativity. However, it should be viewed as a guide and not a replacement for independent thinking. True learning happens when students analyze, question, and apply knowledge on their own. Overdependence on AI may reduce critical thinking and originality. Therefore, students must balance technology with personal effort, curiosity, and analytical skills. AI should assist learning, not replace the learning process itself.

Q What is your vision for the future of our college?

My vision for the future of our college is to continue building an institution that promotes academic excellence, innovation, values, and holistic development. I envision our college as a dynamic learning environment where students are empowered with knowledge, skills, and confidence to meet global challenges. We aim to strengthen research, technology integration, industry collaboration, and student-centered learning opportunities while maintaining a strong foundation of ethics and social responsibility. Most importantly, I hope to nurture a campus culture that inspires creativity, inclusiveness, leadership, and lifelong learning among all students.

Q In today's rapidly changing world, how can students contribute positively to society while pursuing their personal goals?

Students should strive to balance personal aspirations with social responsibility. Success is not measured solely by academic achievements or professional accomplishments, but also by the positive impact one creates in the lives of others. By being compassionate, ethical, and socially aware, students can contribute meaningfully to their communities while pursuing their dreams. Small acts of kindness, responsible citizenship, and a commitment to making a difference can go a long way in building a better society.

Q What does it mean to be a true TRCAC student?

Being a TRCAC student means embracing excellence with humility, learning with curiosity and serving society with responsibility. It means striving for academic growth while actively participating in cultural, social, and community-oriented initiatives. A true TRCAC student carries forward the institution's values, demonstrates respect for diversity and contributes positively wherever they go. Our students are not only learners but also future leaders and changemakers who have the potential to create meaningful impact in the world.

FROM THE VICE-PRINCIPAL'S DESK

A New Beginning: EMBRACING THE JOURNEY AHEAD

Dr. Neha Goel

"Every new beginning comes from some other beginning's end." – Seneca

As the gates of the college open for a new academic term, they welcome not only students but also new dreams, fresh aspirations and countless possibilities. Whether you are stepping into degree college for the very first time or returning as a second or third-year student, this new term offers an opportunity to start afresh, learn something new and become a better version of yourself.

For our first-year students, welcome to a world that is both exciting and transformative. The transition from junior college to degree college is often accompanied by a mixture of emotions. There is excitement about meeting new people and exploring new opportunities, but there may also be uncertainty about adapting to a different academic environment.

Degree college offers something unique: a balance between freedom and responsibility. Unlike school or junior college, where much of your routine was structured for you, degree education expects you to take ownership of your learning. You will enjoy greater independence, but with that independence comes accountability. Every senior you see confidently walking through the corridors was once a nervous fresher too. Give yourself time to adjust. Participate in activities, ask questions, build friendships and remain open to new experiences. College is not merely a place to earn a degree; it is a place where character, confidence and competence are developed.

To our second and third-year students, this new term is an opportunity to reset your goals and renew your commitment.

Perhaps the previous year did not go exactly as planned. Maybe there were challenges, disappointments or missed opportunities. The beauty of a new academic year is that it offers a fresh page on which to write a better story.

Use your experiences as stepping stones rather than stumbling blocks. Continue building your skills, strengthening your knowledge and preparing yourself for the opportunities that lie ahead. As senior students, you also have an important role to play in supporting and guiding the newcomers who are beginning their own journeys.

In today's fast-changing world, academic excellence remains important, but so do communication skills, emotional intelligence, adaptability and teamwork. Make the most of every lecture, project, event and interaction. Learn not only from books but also from people, experiences and challenges.

"The future depends on what you do today." – Mahatma Gandhi

As we begin this new term together, let us embrace every challenge with courage, every opportunity with enthusiasm and every day with gratitude. Let us create memories that inspire us, friendships that support us and achievements that make us proud.

The coming months will undoubtedly bring lessons, successes and moments of growth. Approach them with confidence and optimism. A new term is more than a continuation of your academic journey—it is a chance to rediscover your potential and move one step closer to your dreams.

Welcome to a new beginning. Make it meaningful. Make it memorable. Most importantly, make it your own.

FROM THE EDITOR'S DESK

Today, if a paragraph has no background music, flashy visuals, or transition effects, students often label it as “boring.” Perhaps that is exactly why the habit of reading is gradually disappearing. In an era dominated by reels, short videos, and instant content, the patience required to read and reflect is becoming increasingly rare.

The 21st century has brought remarkable technological advancements that have transformed the way students learn, communicate, and access information. Knowledge that once required hours of research is now available within seconds through a simple internet search. While this convenience has many advantages, it has also led to a growing dependence on quick and easily consumable content. Many young people today prefer scrolling through social media feeds rather than reading books, articles, magazines, or newspapers. As a result, the ability to focus deeply, think critically, and engage with complex ideas is slowly diminishing.

Reading is much more than a pastime; it is a powerful tool for personal growth and intellectual development. A student who reads regularly develops a richer vocabulary, stronger communication skills, and better comprehension abilities. Reading stimulates imagination, enhances creativity, and encourages independent thinking. It allows individuals to explore different perspectives, cultures, and experiences, helping them become more informed and empathetic citizens.

Moreover, reading improves concentration and mental discipline. Unlike short-form digital content that constantly shifts attention, books encourage readers to stay engaged with a single idea for an extended period. This habit strengthens analytical thinking and problem-solving skills, which are essential for academic and professional success.

Our Hon'ble Prime Minister, Narendra Modi, has often emphasized the importance of reading among the youth. He has repeatedly encouraged students to cultivate reading habits, highlighting how books contribute to personality development, wisdom, and lifelong learning. Even dedicating fifteen to twenty minutes each day to reading can bring significant positive changes in one's knowledge, confidence, and outlook on life.

Unlike temporary entertainment, books leave behind lasting impressions. They offer lessons, values, inspiration, and knowledge that remain with us for years. Whether one reads literature, biographies, newspapers, history, or self-help books, every page has the potential to teach something meaningful.

In conclusion, reading is not an outdated activity but a vital necessity in today's fast-changing world. A generation that reads is a generation that thinks, questions, imagines, and grows. Therefore, students must rediscover the joy of reading and make books an essential part of their daily lives.

YOUTH AND CLIMATE RESPONSIBILITY: CHANGE BEGINS WITH US

The world today is standing at a critical juncture, facing the steady growing threat of climate change. Rising temperatures, odd weather patterns, melting glaciers, and more frequent natural disasters are signs that the balance of nature is being disturbed. So then one key question comes up—who exactly is responsible for handling this crisis? And the answer is simple, all of us, especially the youth.

Young people are the energy, the strength and the coming time of any nation. Today's students aren't just leaders of tomorrow but also active change makers right now. If the youth become aware and responsible towards climate-related issues, then meaningful and lasting change is possible. Climate change is not only a scientific matter or a government concern, it touches our everyday lives directly.

The role of young people should go beyond just awareness. It needs actual involvement. Small but consistent actions—like cutting back on plastic use, saving electricity, choosing public transport, and joining tree plantation drives—can add up to a big effect over time. Also youth can use digital spaces and social media to spread the message, nudge others, and inspire more responsible behavior.

Colleges and universities also matter a lot because they shape environmentally conscious people. Things like green campuses, sustainability projects, research activities, and awareness campaigns can encourage students to do something real, not only talk. Educational institutions can nurture a generation that not just understands environmental challenges but is also serious about solving them.

It's important that young individuals move from discussion to action. Learning eco-friendly habits and making sustainable choices in daily life can definitely help create a healthier planet.

Ultimately, climate change is not a distant threat—it is a present reality. Therefore, the time to act is now.

“When youth take responsibility, the future becomes sustainable.”

**– MS. BINITA JHA
LIBRARIAN, TRCAC**

Voice of Junior College

MR. VINITKUMAR DUBEY
JUNIOR COLLEGE IN-CHARGE

At our Junior College, every initiative is guided by the vision of SQAAC, which emphasizes quality education, student development, institutional excellence, and continuous improvement.

Throughout the year, our students have excelled in academics, demonstrating dedication, perseverance, and a commitment to excellence. Various academic enrichment programmes, seminars, workshops, projects, and interactive learning experiences have empowered them to develop a deeper understanding of their subjects and prepare confidently for future challenges.

A cornerstone of our educational philosophy is Value-Based Education where we inculcate values among students such as integrity, respect, empathy, discipline, responsibility.

We firmly believe that parent-institute partnership is essential for student success. Regular parent-teacher interactions, mentoring initiatives, counselling sessions, Motivational Seminars, remedial lectures, moderator sessions, collaborative engagement programmes have strengthened the bond between the institution and parents.

The Department of Arts at Thakur Ramnarayan Junior College is committed to nurturing critical thinking, creativity, communication skills, and social awareness among students through a learner-centric academic environment.

To promote experiential learning, the department organizes educational visits to the Chhatrapati Shivaji Maharaj Vastu Sangrahalaya (CSMVS), Vidhan Bhavan and old age homes. These visits help students connect classroom learning with real-world experiences and develop a broader understanding of society and governance. The department also conducts distinctive initiatives such as the TRCAC Model United Nations (MUN), Mock Parliament, and legislative exposure visits. These activities enhance leadership abilities, public speaking skills, civic responsibility, and awareness of democratic processes. Through such enriching experiences, the department prepares students to become informed, confident, and socially responsible individuals ready to contribute positively to society.

MS. SAYALI PEREIRA
CO-ORDINATOR, ARTS

As the Commerce Coordinator, I take immense pride in the academic and co-curricular achievements of our Commerce Department. Our objective is to provide quality education that combines theoretical knowledge with practical learning experiences. To support experiential learning, the department organizes various educational visits throughout the year. The visit to the Bombay Stock Exchange (BSE) helps students understand stock market operations and trading mechanisms. The Reserve Bank of India (RBI) visit provides valuable insights into the banking system and monetary policies. An industrial visit to Parle Factory, Silvassa gives students practical exposure to manufacturing processes, quality control, and business operations. The department also conducts several co-curricular activities to enhance business and entrepreneurial skills. Trade Titans encourages strategic thinking and business acumen among students. Shark Tank provides a platform for presenting innovative business ideas and startup concepts, fostering creativity and entrepreneurship. Business Bazigar offers hands-on trading experience and helps students understand market dynamics, risk management, and decision-making. Through these initiatives, the department promotes holistic learning and prepares students with the knowledge, skills, and confidence required for success in the ever-evolving world of commerce and business.

MS. SARWARI RANGILA
CO-ORDINATOR, COMMERCE

THE ARTS ALCOVE

A DEDICATED SPACE FOR ARTISTIC AND INTELLECTUAL EXPRESSION

The study of society, human behaviour, history, and media plays a vital role in shaping informed, responsible, and creative individuals. At the Department of Arts and Media Studies, we believe that education extends beyond classrooms—it is about nurturing curiosity, encouraging critical thinking, fostering creativity, and preparing students to engage meaningfully with the world around them.

The department offers undergraduate programmes in Bachelor of Arts (B.A.) and Bachelor of Arts in Multimedia and Mass Communication (BAMMC), providing students with opportunities to explore diverse disciplines while developing academic, professional, and life skills.

The B.A. programme offers specializations in Economics, Psychology, and History, encouraging students to understand the complexities of society, human behaviour, economic systems, and historical developments through interdisciplinary learning and critical inquiry. The BAMMC programme equips students with industry-relevant knowledge and practical expertise in Journalism and Advertising, preparing them for dynamic careers in media, communication, and creative industries.

A key strength of the department is its emphasis on experiential learning. Throughout the academic year, students participated in field visits, educational tours, and community-based learning experiences that enabled them to connect theoretical concepts with real-world situations. These initiatives enhanced their analytical abilities, observational skills, and practical understanding of contemporary social and economic issues.

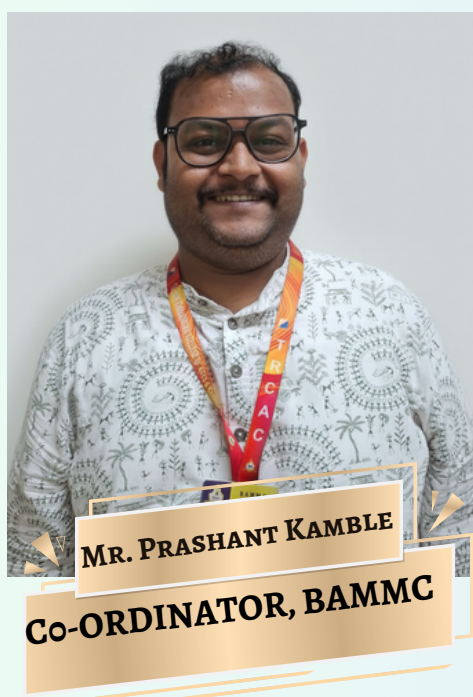

The department actively promotes a culture of research and innovation. Our students proudly represented the institution at the Avishkar Research Convention, the prestigious research competition organized by the University of Mumbai. Their participation reflected the department's commitment to fostering research aptitude, critical thinking, and academic excellence among learners.

THE ARTS ALCOVE

The Department of Arts takes pride in organizing Kulture Karvaan, its flagship event that celebrates cultural diversity, creativity, and intellectual exchange. The programme serves as a platform for students to showcase their talents while fostering leadership, teamwork, and appreciation for India's rich cultural heritage.

Similarly, the BAMMC department's signature event, Darbar, provides a dynamic platform for aspiring media professionals to demonstrate their creativity, communication skills, and innovative thinking. Through various competitions, performances, and interactive activities, the event nurtures talent and encourages excellence in journalism, advertising, and media production.

The department regularly organizes seminars, workshops, guest lectures, skill-development programmes, and career guidance sessions to bridge the gap between academic learning and professional requirements. These initiatives expose students to emerging trends, industry expectations, and opportunities for personal and professional growth.

As we reflect on the accomplishments of the year, I extend my heartfelt appreciation to our students, faculty members, alumni, and stakeholders whose dedication and enthusiasm continue to strengthen the department's legacy. Together, we remain committed to fostering a learning environment that inspires excellence, innovation, and lifelong learning.

I encourage every student to embrace opportunities for growth, challenge conventional thinking, and pursue their aspirations with confidence and integrity. Let us continue to learn, create, and contribute meaningfully to society through knowledge, creativity, and responsible citizenship.

Connecting Classrooms with Careers

MR. VAQAR BUBERE

HOD, COMMERCE

It gives me immense pleasure to present the Department of Commerce, a vibrant centre of academic excellence, innovation, and professional growth. In an era defined by rapid technological advancements, evolving business models, and a globally interconnected economy, commerce education plays a pivotal role in shaping individuals who can lead with knowledge, adaptability, and integrity.

Our department offers three dynamic undergraduate programmes—Bachelor of Commerce (B.Com.), Bachelor of Commerce (Management Studies), and Bachelor of Commerce (Accounting & Finance). Each programme is thoughtfully designed to equip students with a strong academic foundation while fostering critical thinking, analytical abilities, leadership qualities, and industry-relevant skills. Through a blend of theoretical learning and practical exposure, we prepare our students to confidently navigate the complexities of the modern business environment.

As the professional world continues to transform through digitalization, artificial intelligence, data-driven decision-making, and sustainable business practices, the Department of Commerce remains committed to nurturing future-ready graduates. Our focus extends beyond classroom learning to include skill development, research orientation, entrepreneurship, financial literacy, industry interaction, and holistic personality development. We strive to empower students to become not only successful professionals but also responsible contributors to society. The success of our department

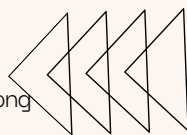

is reflected in the achievements of our students and alumni who have excelled in diverse fields such as finance, accounting, banking, management, entrepreneurship, higher education, and public service. Their accomplishments inspire us to continually raise the standards of excellence and innovation in teaching and learning. With an unwavering focus on academic excellence and industry relevance, we remain committed to creating an environment where students are encouraged to explore emerging opportunities, embrace lifelong learning and confidently pursue their professional aspirations.

* THE COMMERCE CORNER *

As we look towards the future, we remain steadfast in our mission to create opportunities, inspire aspirations, and transform potential into achievement. I congratulate our dedicated faculty members, enthusiastic students, supportive alumni, and stakeholders who contribute to the department's continued growth and success.

I invite you to explore the journey of our department through these pages and discover the many milestones, achievements, and aspirations that define our pursuit of excellence.

The Bachelor of Commerce programme provides students with a strong foundation in commerce, business, economics, accounting and finance. Our objective is to equip learners with the knowledge, skills and confidence required to adapt to the evolving professional landscape. Through a balanced blend of academic learning and practical exposure, students develop analytical thinking, problem-solving abilities and professional competence. We are committed to nurturing versatile graduates who are prepared for higher education, competitive examinations, entrepreneurship and diverse career opportunities across industries. . By fostering a spirit of curiosity and lifelong learning, we prepare our students to confidently meet the challenges and opportunities of an ever-changing global economy.

Ms. NIHSA KEKAN
CO-ORDINATOR, B.COM

Ms. NIKITA SINGH
CO-ORDINATOR, B.COM (MS)

The Bachelor of Commerce (Management Studies) programme is designed to cultivate future leaders, innovators and decision-makers. By integrating contemporary management concepts with practical business applications, the programme encourages students to develop leadership qualities, strategic thinking and entrepreneurial mindsets. We strive to create an environment that fosters creativity, collaboration and continuous learning. As industries continue to evolve, our focus remains on preparing students with the managerial competencies and adaptability required to succeed in dynamic and competitive professional environments. Through industry-oriented learning experiences and skill-based initiatives, students are encouraged to develop the confidence and competence required to excel in leadership roles across diverse sectors.

The Bachelor of Commerce (Accounting & Finance) programme offers students a comprehensive understanding of accounting, finance, taxation and financial management. With increasing demand for financial expertise in today's data-driven economy, the programme emphasizes analytical skills, ethical practices and industry-oriented learning. Through rigorous academic training and practical insights, students are empowered to pursue rewarding careers in accounting, banking, auditing, financial services and related sectors. Our aim is to develop financially astute professionals who can contribute meaningfully to organizations and society while embracing emerging opportunities in the world of finance.

MR. BINU PRASANNA NAIR
CO-ORDINATOR, B.COM (A&F)

DEPARTMENT OF SCIENCE: INSPIRING INNOVATION, SHAPING FUTURES

It gives me immense pleasure to present the Department of Science, a vibrant centre of learning, innovation and academic excellence. The department is dedicated to nurturing students through quality education, practical exposure and skill development. Offering undergraduate programmes in B.Sc. Information Technology and B.Sc. Computer Science, we strive to equip students with the knowledge, technical expertise and problem-solving abilities required to succeed in today's technology-driven world. Through a blend of academics, industry interaction and experiential learning, the department continues to foster competent professionals and responsible citizens..

The academic year witnessed several remarkable achievements that reflected the enthusiasm and capabilities of our students. The department successfully organized a National Level Hackathon that attracted participation from more than 200 teams across the country, providing a platform for innovation, creativity and collaborative problem-solving. Our Departmental Fest also emerged as a grand success, bringing together participants from over 100 colleges and engaging more than 700 students in various technical and academic events.

Innovate. Learn. Lead.

With a strong focus on enhancing employability and industry readiness, the department collaborated with the Quick Heal Foundation to implement the Earn and Learn Scheme. We also facilitated NSDC-certified Artificial Intelligence and Machine Learning courses through which more than 750 students gained exposure to emerging technologies. Additionally, students successfully completed certification programmes under the IIT Spoken Tutorial Project, while 160 students benefited from hands-on internships with SDAC, gaining valuable industry experience and workplace skills.

These accomplishments are a reflection of the collective efforts of our students, faculty members and industry partners who continuously contribute to the department's growth and success. As we move forward, we remain committed to fostering innovation, lifelong learning and academic excellence. We encourage our students to remain curious, embrace new technologies and continue striving for excellence as they prepare to contribute meaningfully to society and the ever-evolving world of science and technology.

MS. GREENA DATTANI
Co-ORDINATOR,
B.Sc (IT) & B.Sc (CS)

आधुनिक जीवन में पुरुषोत्तम मास की प्रासंगिकता

भारत की सांस्कृतिक और आध्यात्मिक परंपराएँ केवल धार्मिक अनुष्ठानों तक सीमित नहीं हैं, बल्कि वे जीवन को सही दिशा प्रदान करने का कार्य भी करती हैं। इन्हीं परंपराओं में पुरुषोत्तम मास का विशेष महत्व है। हिंदू पंचांग में लगभग प्रत्येक तीन वर्ष के अंतराल पर आने वाला यह अतिरिक्त मास भगवान विष्णु को समर्पित माना जाता है। इसे अधिक मास भी कहा जाता है। धार्मिक दृष्टि से यह मास साधना, भक्ति, दान और आत्मचिंतन का काल माना जाता है। वर्तमान समय में, जब मनुष्य भौतिक उपलब्धियों की दौड़ में निरंतर व्यस्त होता जा रहा है, पुरुषोत्तम मास का महत्व और भी बढ़ जाता है।

आज का युग विज्ञान, तकनीक और उपभोक्तावाद का युग है। जीवन की तेज़ गति ने मनुष्य को सुविधाएँ तो प्रदान की हैं, किंतु मानसिक शांति और संतोष उससे दूर होते जा रहे हैं। तनाव, प्रतिस्पर्धा और सामाजिक अलगाव जैसी समस्याएँ लगातार बढ़ रही हैं। ऐसे समय में पुरुषोत्तम मास हमें स्वयं के भीतर झाँकने और अपने जीवन का मूल्यांकन करने का अवसर प्रदान करता है। यह मास हमें यह सोचने के लिए प्रेरित करता है कि जीवन का उद्देश्य केवल भौतिक सफलता नहीं, बल्कि नैतिक और आध्यात्मिक विकास भी है।

पुरुषोत्तम मास का एक महत्वपूर्ण संदेश आत्मसंयम है। इस अवधि में लोग व्रत, उपवास, जप, ध्यान और सत्संग के माध्यम से अपने मन और इंद्रियों को नियंत्रित करने का प्रयास करते हैं। यह अभ्यास व्यक्ति में अनुशासन, धैर्य और सकारात्मक सोच का विकास करता है। आधुनिक जीवन की चुनौतियों का सामना करने के लिए ये गुण अत्यंत आवश्यक हैं।

यह मास दान और सेवा की भावना को भी प्रोत्साहित करता है। भारतीय संस्कृति में दान को केवल आर्थिक सहायता नहीं, बल्कि मानवता की सेवा का माध्यम माना गया है। पुरुषोत्तम मास के दौरान जरूरतमंदों की सहायता, अन्नदान, वस्त्रदान और सामाजिक सेवा जैसे कार्य किए जाते हैं। इससे समाज में सहयोग, करुणा और सामाजिक समरसता की भावना मजबूत होती है। वर्तमान समय में, जब समाज अनेक प्रकार की विषमताओं और चुनौतियों का सामना कर रहा है, यह संदेश अत्यंत प्रासंगिक है।

युवा पीढ़ी के लिए भी पुरुषोत्तम मास विशेष महत्व रखता है। यह उन्हें अपनी सांस्कृतिक जड़ों से जोड़ने के साथ-साथ नैतिक मूल्यों का महत्व समझाता है। आज के युवाओं को तकनीकी ज्ञान के साथ-साथ चरित्र निर्माण और मानवीय संवेदनाओं की भी आवश्यकता है। पुरुषोत्तम मास उन्हें आत्मानुशासन, सेवा और आध्यात्मिकता के माध्यम से संतुलित जीवन जीने की प्रेरणा देता है।

अंततः, पुरुषोत्तम मास केवल धार्मिक अनुष्ठानों का समय नहीं है, बल्कि आत्मविकास, सामाजिक सेवा और नैतिक जागरण का अवसर है। आधुनिक जीवन की व्यस्तताओं और चुनौतियों के बीच यह हमें ठहरकर अपने जीवन के उद्देश्य पर विचार करने की प्रेरणा देता है। यदि हम इसके संदेशों को अपने जीवन में अपनाएँ, तो न केवल व्यक्तिगत विकास संभव है, बल्कि एक अधिक संवेदनशील, नैतिक और समरस समाज का निर्माण भी किया जा सकता है। यही पुरुषोत्तम मास की वास्तविक प्रासंगिकता और महत्ता है।

ALL SPORTS, ALL ACTION

DR. TRIBHUVAN SINGH
SPORTS DIRECTOR

The Sports Committee plays a vital role in fostering a culture of fitness, discipline, teamwork, and sportsmanship among students. Through the organization of various sporting events and activities, the committee encourages students to actively participate in sports and develop their physical as well as mental abilities. It strives to create an environment where students can learn the values of perseverance, leadership, and healthy competition. The committee provides a platform for students to showcase their athletic talents and represent the institution in various intercollegiate competitions. Regular training sessions, sports meets, and recreational activities help students maintain an active lifestyle while balancing their academic responsibilities. The college takes pride in its active participation at the District Sports Office (DSO) level, where students consistently demonstrate their skills and competitive spirit across different sporting disciplines.

UNLEASHING THE POWER OF PLAY

The institution also encourages and supports talented athletes in competing at state and national-level tournaments, enabling them to gain valuable exposure and achieve sporting excellence.

MR. SURESH ROKKADKATTI
SPORTS COMMITTEE CHAIRPERSON

Through its continuous efforts, the Sports Committee contributes significantly to the holistic development of students by promoting physical well-being, confidence, teamwork, and a lifelong passion for sports. The committee remains committed to nurturing future champions and bringing laurels to the institution through excellence in sports and athletics.

NOT ME BUT YOU

The National Service Scheme (NSS) at TRCAC is more than just a committee, it is a family bound together by compassion, humanity, and the desire to serve others selflessly. Guided by the motto "Not Me But You", NSS encourages students to look beyond themselves and become a source of hope, support, and change in society.

Every NSS activity carries a purpose and every volunteer carries a heart willing to help. Whether it is donating blood to save lives, cleaning beaches to protect nature, spreading awareness in communities, supporting the underprivileged, or standing beside those in need, NSS teaches students the true meaning of empathy, responsibility, and kindness.

Through these experiences, students do not just become better leaders they become better human beings. NSS creates memories that touch hearts, lessons that stay for life, and moments where service turns into happiness and humanity becomes the greatest achievement. The NSS Committee at TRCAC continues to inspire young minds to serve with dedication, lead with compassion, and create a society filled with care, unity, and positive change.

THE COLOURFUL STORY OF CULTURE AND CREATIVITY

The Cultural Committee, in collaboration with faculty members and students, organizes a wide range of events that promote artistic expression, foster community spirit and celebrate cultural heritage. Cultural activities at Thakur Ramnarayan College of Arts and Commerce (TRCAC) are characterized by a vibrant display of creativity, talent and diversity, providing students with a platform to showcase their abilities and pursue their artistic interests.

The committee plays a vital role in preserving and promoting India's rich cultural heritage through various celebrations, performances and thematic events conducted throughout the academic year. One of the highlights of the cultural calendar is Solasta, the college's annual fest, which brings together students from across programmes to participate in a variety of cultural, literary and creative events. The fest serves as a celebration of talent, enthusiasm and student engagement, creating memorable experiences and strengthening the spirit of camaraderie within the college community.

In addition to encouraging creative expression, the Cultural Committee actively nurtures teamwork, leadership and organizational skills among students by planning and hosting inter-collegiate competitions and cultural festivals on campus. Through its dynamic initiatives, the committee strives to create an inclusive and engaging environment that enriches campus life and contributes to the holistic development of students.

THE COLOURS OF CULTURE, THE SPIRIT OF YOUTH

SHAPING THE FUTURE THROUGH DISCOVERY

The Research and Development Cell serves as a driving force behind the institution's growing research culture. By motivating faculty and students to explore, innovate, and publish quality research, the RDC creates opportunities for academic growth and knowledge sharing. Its initiatives continue to strengthen the institution's commitment to excellence in research and innovation.

During the Academic Year 2025-26, TRCAC achieved significant research milestones with over 400 publications, including Scopus-indexed, Web of Science (WoS) and Peer Reviewed Journal publications. The institution also filed 8 patents, published 19 books, and contributed 92 research papers with ISBN, reflecting its strong dedication to advancing research and innovation.

CONTRIBUTIONS TO
SOCIETY."**

The Research and Development Cell successfully organized Shodh Samiksha, a multidisciplinary International Research Conference, and Shodh Anveshan, an Intercollegiate Student Research Convention, fostering a vibrant culture of research and innovation. While Shodh Samiksha brought together more than 160 researchers, academicians, and professionals for interdisciplinary knowledge exchange, Shodh Anveshan engaged over 100 student participants, providing them with a platform to showcase innovative research ideas and develop a research-oriented mindset. These initiatives reflect the institution's commitment to promoting scholarly excellence and nurturing future researchers.

Entrepreneurship Development Cell

IGNITING THE Entrepreneurial Spirit

The Entrepreneurship Development Cell (EDC) serves as a dynamic platform for nurturing innovation, creativity, leadership, and an entrepreneurial mindset among students. Committed to fostering the spirit of enterprise, the cell encourages students to think beyond conventional career paths and explore opportunities for creating and managing their own ventures.

Ms. SONALI SERIGAR
CHAIRPERSON, EDC

Through workshops, seminars, expert talks, startup activities, business competitions, and industry interactions, EDC provides valuable exposure to the practical aspects of business, innovation, and entrepreneurship. The cell regularly organizes programmes and initiatives designed to equip students with essential entrepreneurial skills such as problem-solving, decision-making, financial planning & business management.

DC

Ms. PRACHI PATADE
CO-CHAIRPERSON, EDC

Ms. RASHMI MISHRA
CO-CHAIRPERSON, EDC

A unique feature of the EDC is its focus on experiential learning through entrepreneurial ventures. The cell actively engages students in the production and sale of products such as agarbattis and diyas, providing them with hands-on experience in manufacturing, marketing, sales, teamwork, and customer relations. Such initiatives enable students to apply classroom knowledge in real-world business situations while developing a practical understanding of entrepreneurship. Through its diverse activities and forward-looking approach, the Entrepreneurship Development Cell continues to empower aspiring entrepreneurs, cultivate leadership qualities, and prepare students to transform their ideas into successful and sustainable ventures.

Aspire. Acquire. Achieve

विद्यार्थ्यांनी AI चा वापर ज्ञानासाठी करावा, कॉपी करण्यासाठी नव्हे

एक शिक्षक आणि प्राध्यापक म्हणून विद्यार्थ्यांसोबत काम करताना मी नेहमी एक गोष्ट अनुभवली आहे — प्रत्येक विद्यार्थ्यांमध्ये काहीतरी वेगळे आणि विशेष असते. प्रत्येकाकडे विचार करण्याची स्वतःची पद्धत, कल्पनाशक्ती आणि शिकण्याची क्षमता असते. आजच्या डिजिटल युगात कृत्रिम बुद्धिमत्ता म्हणजेच ARTIFICIAL INTELLIGENCE (AI) विद्यार्थ्यांच्या जीवनाचा एक महत्त्वाचा भाग बनली आहे. काही सेकंदांत प्रश्नांची उत्तरे मिळतात, अवघड विषय समजून घेता येतात आणि नवीन कल्पना सुचतात. हे नक्कीच प्रगतीचे लक्षण आहे. परंतु एक शिक्षक म्हणून मला असे वाटते की विद्यार्थ्यांनी AI चा वापर ज्ञान मिळवण्यासाठी करावा, फक्त कॉपी करण्यासाठी नाही.

शिक्षणाचा उद्देश केवळ गुण मिळवणे किंवा असाइनमेंट पूर्ण करणे हा नसतो. शिक्षण म्हणजे विचार करण्याची क्षमता वाढवणे, प्रश्न विचारणे, अनुभवातून शिकणे आणि स्वतःची ओळख निर्माण करणे. जर एखादा विद्यार्थी AI ने दिलेले उत्तर तसंच कॉपी करून सादर करत असेल, तर कदाचित त्याला त्या कामाचे गुण मिळतील; पण तो शिकण्याचा खरा अनुभव गमावून बसेल.

माझ्या अध्यापनाच्या अनुभवातून मी पाहिले आहे की काही वेळा विद्यार्थी एखादा विषय कठीण वाटल्याने शॉर्टकट शोधतात. पूर्वी इंटरनेटवरून कॉपी-पेस्ट करण्याची सवय होती, आज AI ने ती जागा घेतली आहे. पण तंत्रज्ञान बदलले तरी एक गोष्ट कायम आहे — मेहनत आणि समज याला पर्याय नसतो. AI तुम्हाला उत्तर देऊ शकते, पण तुमच्यासाठी विचार करू शकत नाही.

मला असे वाटते की AI हा विद्यार्थ्यांसाठी एक चांगला अभ्याससाथी ठरू शकतो. एखादी गणिताची संकल्पना समजत नसेल, एखादी कविता कठीण वाटत असेल किंवा संशोधनासाठी दिशा हवी असेल तर AI मदत करू शकते. विद्यार्थ्यांनी AI कडे शिक्षकासारखे मार्गदर्शन घेणारे साधन म्हणून पाहिले, तयार उत्तरांचा स्रोत म्हणून नव्हे.

आजच्या काळात माहिती मिळवणे खूप सोपे झाले आहे, परंतु माहितीचे ज्ञानात रूपांतर करणे ही खरी कला आहे. एखाद्या विषयावर AI कडून माहिती घेणे योग्य आहे; परंतु त्या माहितीचा विचार करणे, तिचे विश्लेषण करणे आणि स्वतःचे मत तयार करणे अधिक महत्त्वाचे आहे. कारण भविष्यात विद्यार्थ्यांचे मूल्यमापन फक्त त्यांनी काय लिहिले यावर होणार नाही, तर ते कसे विचार करतात यावर होणार आहे.

शिक्षक म्हणून मला माझ्या विद्यार्थ्यांकडून परिपूर्ण उत्तरांची अपेक्षा नसते. मला त्यांच्याकडून प्रामाणिक प्रयत्न अपेक्षित असतात. चुका करणे चुकीचे नाही; परंतु प्रयत्न न करणे आणि फक्त तयार उत्तरांवर अवलंबून राहणे ही चिंतेची बाब आहे. शिक्षण हे गुणांपेक्षा व्यक्तिमत्त्व घडवण्याचे माध्यम आहे.

शेवटी, मी विद्यार्थ्यांना एवढेच सांगू इच्छितो की AI चा वापर करा, पण त्याचे गुलाम बनू नका. AI कडून मार्गदर्शन घ्या, कल्पना घ्या, शिका; पण स्वतःचा विचार, मेहनत आणि सर्जनशीलता कायम जपा. कारण तंत्रज्ञान तुमच्या हातातील साधन असावे, तुमच्या विचारांची जागा घेणारे माध्यम नव्हे. खरी प्रगती ही मशीनच्या उत्तरांमध्ये नसून विद्यार्थ्यांच्या विचारांमध्ये असते.

- सहाय्यक प्राध्यापक. कांबळे प्रशांत

THE GREEN CLUB

DC

MR. DARSHAN KANTELIYA
CHAIRPERSON, GREEN CLUB

TRCACC Green Club is dedicated to promoting environmental awareness and encouraging sustainable practices among students and the wider community. The club inspires individuals to become responsible stewards of nature through meaningful initiatives that contribute to environmental conservation and ecological well-being.

Its activities include tree plantation drives, beach clean-up campaigns, responsible waste management programmes, environmental awareness workshops and various sustainability-focused initiatives. Through these efforts, the club seeks to cultivate environmentally conscious attitudes and encourage students to adopt sustainable habits in their daily lives.

The Green Club serves as a platform for students to actively engage with environmental issues and contribute towards creating a cleaner, greener and healthier future. By participating in its activities, students develop leadership, teamwork and social responsibility while gaining a deeper understanding of the importance of environmental conservation.

Committed to the vision of sustainable development, the club strives to create lasting positive change by fostering awareness, inspiring action and empowering students to become environmentally responsible citizens. Through collective efforts and community engagement, the Green Club continues to make a meaningful impact both within and beyond the college campus.

IC

MR. MANISH GUPTA
CHAIRPERSON, ECO CLUB

Coding the future

Established in 2023, DevClub TRCAC is the technical student community of the Information Technology and Computer Science Departments at TRCAC. Our vision is to bridge the gap between classroom learning and real-world application by providing students with opportunities to innovate, collaborate, and create meaningful technological solutions.

EXPLORE. CODE. INSPIRE.

In a short span, DevClub TRCAC has contributed to organizing the first-ever Hackathon in the history of TRCAC, mentored students for hackathons such as the Smart India Hackathon, and played a key role in the successful execution of Zettaabyte, the annual departmental technical fest.

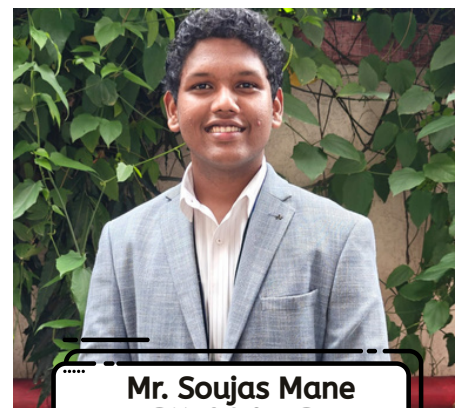

Beyond events, DevClub TRCAC focuses on building solutions for the institution, including projects such as a Library Management System, Attendance Management System, and the Green Club QR-based website. These initiatives allow students to gain practical experience while contributing to the college community.

Through our peer-learning initiative, Level Up, senior students mentor and train first-year students, fostering a culture of collaboration, leadership, and continuous learning.

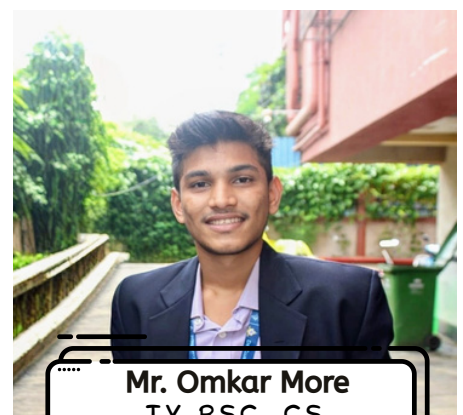

DevClub is more than a club, it is a platform where students learn, build, innovate, and grow together. As we continue our journey, we remain committed to empowering students with the skills, confidence, and mindset needed to excel in the ever-evolving world of technology.

Dreams Hired Here with Placement & Internship Cell

The Placement and Internship Cell continues to play a pivotal role in bridging the gap between academic learning and professional success by fostering strong industry-academia partnerships. Dedicated to enhancing students' employability and career readiness, the cell works consistently to create meaningful opportunities that enable students to gain practical exposure, industry insights, and valuable professional experience.

Throughout the academic year, the cell successfully facilitated recruitment drives, internship programmes, and interactions with industry professionals. These efforts attracted more than 300+ companies to the campus, offering students a wide range of opportunities across diverse sectors and industries. As a result of these initiatives, 457 students secured full-time placements, while 660 students were selected for internship opportunities, marking another significant milestone in the institution's commitment to career development.

The college takes immense pride in the achievements of its students, who have been recruited by several prestigious organizations, including Tata Consultancy Services, Deloitte, HDFC Bank, Travelex, Motilal Oswal Financial Services, State Bank of India, Capgemini, Cognizant, KPMG, RBL Bank, Kotak Life Insurance, and many other renowned companies. These placements reflect not only the competence and dedication of the students but also the effectiveness of the institution's academic and professional development initiatives.

Through its unwavering commitment to student success, the Placement and Internship Cell continues to empower aspiring professionals, strengthen industry connections, and open doors to rewarding career opportunities.

MS. PRACHI SINGH
CHAIRPERSON,
PLACEMENT & INTERNSHIP

The remarkable placement and internship achievements stand as a testament to the institution's dedication to nurturing talent and shaping future-ready graduates equipped to thrive in a competitive global environment.

Potential Polished Here with Training & Development Cell

MR. SANDEEP KAMBLE

**CHAIRPERSON,
TRAINING & DEVELOPMENT**

The Training & Development Cell plays an important role in helping students prepare for their future careers. It bridges the gap between classroom learning and the professional world by providing students with opportunities to develop the skills, confidence, and mindset needed to succeed in higher education, internships, placements, and beyond.

The Cell believes that academic knowledge alone is not enough in today's competitive environment. Students also need strong communication skills, problem-solving abilities, teamwork, leadership qualities, and professional confidence. To support this development, the Cell regularly organizes workshops, training programmes, seminars, expert sessions, and interactive activities throughout the academic year.

To ensure systematic growth, the Cell follows a Three-Stage Development Model:

Student Development Programme (SDP)

Pre-Placement Training Programme (PPTP)

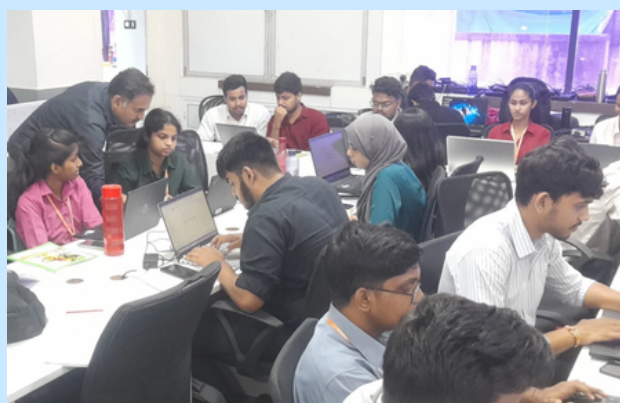

Employability Skill Enhancement Programme (ESEP)

Through these initiatives, students are encouraged to improve their communication skills, aptitude, logical reasoning, presentation abilities, and overall personality. They also receive guidance in resume preparation, interview skills, group discussions, professional networking, and career planning.

Mock interviews, skill assessments, mentoring sessions, and interactions with industry professionals help students gain practical exposure and understand real-world expectations. These experiences not only enhance their employability but also build self-confidence and prepare them to face professional challenges with a positive attitude.

The Cell continuously works towards creating a learning environment where students can explore their potential, learn from experts, and stay updated with industry trends. By promoting continuous learning and personal growth, it helps students become capable, confident, and future-ready individuals.

"Potential Polished Here - Future-Ready Professionals Built Here."

Beyond the Examination Hall

Ms. Asma Khan
CHAIRPERSON, EXAM (JC)

The Examination Department plays a crucial role in maintaining the integrity, transparency, and efficiency of the assessment process across both the Junior College and Degree College sections of the institution. Functioning as the backbone of academic evaluation, the department ensures the smooth conduct of examinations while adhering to the guidelines and regulations prescribed by the respective educational authorities.

In the Junior College section, examinations and assessments are conducted in accordance with the curriculum and evaluation framework prescribed by the Maharashtra State Board of Secondary and Higher Secondary Education. The department oversees internal assessments, periodic tests, practical examinations, and the Higher Secondary Certificate (HSC) examinations, ensuring that students are assessed fairly and comprehensively throughout their academic journey.

For the Degree College section, the institution follows the examination and assessment framework introduced under the National Education Policy (NEP) and implemented by the University of Mumbai. The evaluation process is designed to encourage continuous learning and holistic development through a combination of

Continuous Internal Evaluation (CIE) and Semester-End External Examinations. Students are assessed through assignments, presentations, projects, class tests, practical work, and other academic activities, enabling them to develop both theoretical understanding and practical skills.

The department is responsible for the systematic conduct of examinations, preparation and maintenance of records, dissemination of examination-related information, and coordination with regulatory authorities. It also plays an important role in addressing student grievances, ensuring transparency in assessment procedures, and guiding students regarding examination rules, academic progression, credits, and eligibility requirements.

Committed to upholding the highest standards of academic excellence, the Examination Department works diligently to ensure that every stage of the evaluation process is conducted with fairness, accuracy, and professionalism. Through its dedicated efforts, the department contributes significantly to the academic growth, success, and overall development of students while supporting the institution's commitment to quality education.

Ms. Riddhi Pandya
CHAIRPERSON, EXAM (DC)

साहित्यिक समिति : सृजनात्मकता और व्यक्तित्व विकास का सशक्त मंच

उच्च शिक्षा का उद्देश्य केवल विद्यार्थियों को डिग्री प्रदान करना नहीं है, बल्कि उनके व्यक्तित्व का सर्वांगीण विकास करना भी है। इसी उद्देश्य की पूर्ति में साहित्यिक समितियाँ महत्वपूर्ण भूमिका निभाती हैं। आज के प्रतिस्पर्धी और तकनीक-प्रधान युग में जहाँ युवाओं का ध्यान पुस्तकों और साहित्य से दूर होता जा रहा है, वहीं साहित्यिक समितियाँ उन्हें भाषा, साहित्य, संस्कृति और रचनात्मक अभिव्यक्ति से जोड़ने का कार्य करती हैं।

साहित्यिक समिति किसी भी शैक्षणिक संस्था का वह मंच है जो विद्यार्थियों की भाषायी दक्षता, सृजनात्मक क्षमता तथा बौद्धिक विकास को प्रोत्साहित करता है। यह केवल साहित्यिक गतिविधियों तक सीमित नहीं रहती, बल्कि विद्यार्थियों में आत्मविश्वास, नेतृत्व क्षमता, तार्किक चिंतन और सामाजिक जागरूकता का भी विकास करती है। कविता, कहानी, निबंध, वाद-विवाद, भाषण, पुस्तक समीक्षा और काव्य गोष्ठी जैसी गतिविधियाँ विद्यार्थियों को अपनी प्रतिभा प्रदर्शित करने का अवसर प्रदान करती हैं।

किसी भी साहित्यिक समिति का स्वरूप लोकतांत्रिक और सहभागितापूर्ण होता है। इसमें शिक्षक और विद्यार्थी मिलकर विभिन्न कार्यक्रमों की योजना बनाते हैं तथा उन्हें सफलतापूर्वक संपन्न करते हैं। इस प्रक्रिया में विद्यार्थियों को संगठन, प्रबंधन और नेतृत्व के व्यावहारिक अनुभव प्राप्त होते हैं। साहित्यिक गतिविधियाँ उन्हें केवल अच्छे लेखक या वक्ता ही नहीं बनातीं, बल्कि संवेदनशील और जागरूक नागरिक बनने की दिशा में भी प्रेरित करती हैं।

ठाकुर रामनारायण कॉलेज ऑफ आर्ट्स एंड कॉमर्स की साहित्यिक समिति इसी दृष्टिकोण को साकार करने का प्रयास कर रही है। समिति द्वारा वर्ष भर विभिन्न साहित्यिक एवं सांस्कृतिक कार्यक्रमों का आयोजन किया जाता है। हिंदी दिवस, मराठी भाषा गौरव दिवस, निबंध लेखन प्रतियोगिता, कविता पाठ, वाद-विवाद प्रतियोगिता, भाषण प्रतियोगिता, पुस्तक समीक्षा, काव्य गोष्ठी तथा भित्ति पत्रिका जैसी गतिविधियाँ विद्यार्थियों को अपनी रचनात्मक क्षमता विकसित करने का अवसर प्रदान करती हैं। इसके अतिरिक्त राष्ट्रीय एवं सामाजिक विषयों पर आयोजित कार्यक्रम विद्यार्थियों में सामाजिक उत्तरदायित्व और समसामयिक मुद्दों के प्रति जागरूकता भी उत्पन्न करते हैं।

आज आवश्यकता इस बात की है कि अधिक से अधिक विद्यार्थी साहित्यिक गतिविधियों में भाग लें और अपनी अभिव्यक्ति को नई दिशा दें। साहित्य केवल मनोरंजन का माध्यम नहीं है, बल्कि समाज और व्यक्ति के बीच संवाद स्थापित करने का सशक्त साधन भी है। साहित्यिक समिति इसी संवाद को जीवंत बनाए रखने का कार्य करती है।

अंततः कहा जा सकता है कि साहित्यिक समिति किसी भी शैक्षणिक संस्था की सांस्कृतिक और बौद्धिक धरोहर होती है। यह विद्यार्थियों के भीतर छिपी प्रतिभाओं को निखारने, भाषा के प्रति प्रेम विकसित करने और उन्हें एक संवेदनशील व्यक्तित्व के रूप में विकसित करने का महत्वपूर्ण कार्य करती है। ठाकुर रामनारायण कॉलेज की साहित्यिक समिति भी इसी दिशा में निरंतर प्रयासरत है और विद्यार्थियों के उज्ज्वल भविष्य के निर्माण में अपना महत्वपूर्ण योगदान दे रही है।

— डॉ. सुषमा शुक्ला
अध्यक्ष, साहित्यिक समिति
(DC)

Ms. SAYALI PEREIRA
CHAIRPERSON, LITERARY CLUB
(JC)

WOMEN DEVELOPMENT CELL

The Women Development Cell (WDC) is committed to fostering a culture of empowerment, equality, awareness, and personal growth among students. Every year, the Cell organizes a series of impactful programs and activities that address important social, legal, health, and safety-related issues affecting women and society at large.

True empowerment begins with awareness, grows through confidence and inspires positive change.

Regular initiatives such as the Cyber and Digital Safety, Dhaga Project, Menstrual Hygiene and Self-Defense Training Program, Seminar on POSH Act, Skit on Gender Equality, Women's Hygiene and Personality Development Session, and Walkathon serve as important platforms for learning, awareness, and engagement. These activities encourage students to become informed, confident and socially responsible individuals.

Ms. AASHNA DIGRA
CHAIRPERSON, WDC (JC)

Ms. NISHA KEKAN
CHAIRPERSON, WDC (DC)

A key highlight of the Cell's initiatives is the emphasis on practical knowledge and life skills. Students gain awareness about digital safety, personal security, legal rights, workplace ethics, health and hygiene, and gender sensitivity. Interactive sessions, awareness campaigns, and creative activities help students develop confidence, leadership qualities, effective communication skills, and a strong sense of self-worth.

Through these annual programs, students are empowered to make informed decisions, challenge stereotypes, and contribute positively to society.

By consistently organizing such initiatives, the Women Development Cell plays a significant role in the holistic development of students, nurturing responsible citizens who are aware of their rights, respectful of others, and prepared to face the challenges of the modern world with confidence and resilience.

Ms. Anitha Salian
ADMINISTRATIVE OFFICER

Mr. Rupesh Daur
SR. CLERK,
JUNIOR COLLEGE

Ms. Tejaswini Karande
SR. CLERK,
DEGREE COLLEGE

ADMINISTRATIVE INSIGHTS

The Administration Department of Thakur Ramnarayan College of Arts & Commerce plays a vital role in ensuring the smooth and efficient functioning of both the Junior College and Degree College sections. We have a Administrative Officer, under her guidance we have a dedicated team of administrative staff for Jr. College as well as for degree college, who contribute tirelessly to maintain an organized, transparent, and student-centric environment.

Administration means managing everything in an institution, from the peons to the principal, and from maintaining the cleanliness of classrooms to ensuring the smooth functioning of the entire campus. Effective administration is centered on man management, which involves proper planning, execution, and evaluation of outcomes.

The administrative team is responsible and accountable for a wide range of activities, including student admissions, confirmation of admissions through the University of Mumbai and Maharashtra State Board respectively, recruitment processes, timely affiliation procedures, examination and KT (Keep Term) form processing, and obtaining timely approval of faculty services from the university, managing leave records, Salary so on etc. . These activities demonstrate the importance of meticulous planning, effective implementation, and successful outcomes.

Administration ensures that every process is carried out efficiently, systematically, and professionally. It plays a crucial role in maintaining the smooth functioning of the institution by coordinating resources, managing personnel, and ensuring compliance with regulatory requirements.

In addition, whenever any event is organized, in the campus the administration is responsible for planning and arranging all necessary logistics, facilities, and support services to ensure the event is conducted successfully. Thus, administration serves as the backbone of the institution, contributing significantly to its overall effectiveness, growth, and reputation.

As the college continues to grow and evolve, the Administration Department remains committed to supporting its vision of academic excellence, holistic development, and institutional progress, making TRCAC a preferred destination for aspiring learners.

A LETTER FROM THE TRCAC DISCIPLINE COMMITTEE

Dear Students,

College is not only a place of learning but also a place where character is shaped. At TRCAC, we strive to develop not just capable graduates but responsible citizens. Every student contributes to the culture and reputation of our institution through their conduct and commitment.

Attendance and punctuality are essential. Every lecture offers opportunities to learn, engage and grow. Being present and on time reflects respect for others and builds habits that will benefit you throughout life.

Technology is a valuable tool, but mobile phones can become distractions during lectures. We encourage you to stay focused on classroom discussions, activities and interactions that contribute to your learning experience.

The college dress code is an important part of our identity. Following it promotes professionalism, equality and a sense of belonging. Wear it with pride and represent the institution positively.

Ragging and bullying have no place in our campus. True leadership lies in guiding and supporting others, not intimidating them. If you witness any form of harassment, report it immediately. Respect and inclusion must define our student community.

Maintaining a clean campus is a shared responsibility. Classrooms, corridors and common areas belong to all of us. Simple actions such as using dustbins and keeping surroundings clean help create a positive environment for everyone.

A FINAL WORD

Rules are not meant to restrict freedom but to ensure a safe, respectful and productive atmosphere for all. While we encourage students to enjoy college life, freedom must be accompanied by responsibility.

While we encourage every student to enjoy their college life with enthusiasm and freedom, it is equally important to remember that freedom comes with responsibility. The rules and code of conduct of the college are designed to ensure a safe, respectful and productive environment for all. Students who repeatedly disregard disciplinary norms, engage in misconduct, or fail to uphold the values of the institution may face appropriate disciplinary action as per college regulations. Such measures are not intended as punishment, but as necessary steps to maintain the dignity, harmony and reputation of our academic community. We therefore urge every student to act responsibly and contribute positively to the culture of excellence that defines our college.

We urge every student to act responsibly and contribute to the culture of excellence that defines TRCAC.

Remember:

"Your degree may open doors, but your discipline determines how far you go."

– The Discipline Committee

REDEFINING LEARNING THROUGH DIGITAL INNOVATION

Education is no longer confined to the four walls of a classroom. As technology continues to reshape the way knowledge is shared and acquired, educational institutions are embracing digital platforms to create more flexible, inclusive and engaging learning experiences. Keeping pace with this transformation, TRCAC proudly introduced EduVedha, its official YouTube channel dedicated to enhancing teaching and learning through digital education.

EduVedha is a significant milestone in the college's journey towards academic excellence and educational innovation. Conceived with the vision of making quality education accessible to every learner, the platform provides students with a repository of recorded lectures delivered by the college's experienced and dedicated faculty members. These lectures can be accessed anytime and from anywhere, enabling students to continue learning beyond regular classroom hours and ensuring that education remains uninterrupted regardless of time or place.

One of the greatest strengths of EduVedha lies in its ability to support different learning styles. Every student learns at a different pace and in a different way. While some grasp concepts best through interactive classroom discussions, others benefit from revisiting lectures multiple times before they achieve complete clarity.

EduVeda empowers students to pause, replay and review lessons whenever required, helping them strengthen conceptual understanding, revise important topics before examinations and bridge learning gaps with confidence.

The initiative also promotes a blended learning approach by seamlessly integrating traditional classroom teaching with digital resources. Instead of replacing face-to-face education, EduVedha complements it by providing students with additional academic support and supplementary learning material. This combination of in-person instruction and online accessibility creates a more dynamic and student-centric learning environment that encourages active participation, independent study and continuous improvement.

Beyond supporting academic performance, EduVedha prepares students for the future by fostering digital literacy and self-directed learning—skills that have become indispensable in today's rapidly evolving educational and professional landscape. As higher education and workplaces increasingly rely on digital platforms, students who are comfortable with online learning gain a valuable advantage in adapting to modern challenges and opportunities.

LEARN. GROW. SUCCEED.

Their collaborative work reflects TRCAC's continuous endeavour to adopt innovative practices that enrich the educational experience and empower learners with accessible, high-quality resources.

As the college continues to embrace the possibilities offered by educational technology, EduVedha stands as a symbol of progress, innovation and the institution's commitment to holistic student development. It is more than just a YouTube channel—it is a digital learning companion that encourages curiosity, nurtures lifelong learning and makes quality education available beyond the classroom.

With EduVedha, TRCAC reinforces its belief that learning should never be limited by time or location. By combining academic excellence with technological advancement, the college is creating an ecosystem where knowledge is always within reach, empowering every student to learn, explore and excel in an increasingly digital world.
